

## Welcome to Augusta WiFi!

Get The Speed is now offering services over the Augusta Wireless Network. This will provide you information on how to connect to the wireless network and utilize this exciting new service.

## How To Connect

1. Enable your wireless (WiFi) device.
2. Connect to the SSID "AugustaWiFi"
3. Launch your internet browser.

## How to Sign Up

1. You will need to determine the service or plan that works for you. If you click on the "Rates" tab at the top of the page, it will display available plans and prices.
2. For the **Hourly Rate Plan**, click on the "PayPerUse" button. It will ask for some simple information to create your account. Once complete you will be logged in.
3. For the **Daily or Monthly Rate Plans**, click on "Subsribe Now" button. This will ask you for more information and allow you to create your personal user name and password. The user name field will turn pink if that user name is already taken. You can simply try another or add a number to it to make it unique. Once the information is submitted, you will be redirected to the Splash Page Portal to login with your personal user name and password.
